RESIDENCY INFORMATION - Louisiana Residents

Eligibility for classification as a resident of Louisiana is determined by the Office of Enrollment Services. Residency is based on evidence provided in the application for admission and other related documents. Requirements for residency are determined by the location of the home and place of employment. Residence cannot be established for the sole purpose of obtaining an education. Resident classification and fees are audited during the registration period. Adjustments will be made accordingly. Documentation used for verification of residency includes a current driver's license, a voter registration card, and/or copies of state tax records.

A resident student is a student who has lived and worked (domiciled) in Louisiana for at least one full year (365 days) immediately preceding the first day of class of the term for which classification as a resident is sought. Special provisions are made for active military personnel.

Do you consider yourself a Louisiana resident for tuition purposes? yes no

If you are unsure as to your residency status, please contact Enrollment Services at 225-216-8000.
