${ }^{1}$ Choose first course based on your math placement scores; the second math course should be at a ligher level than the first. ${ }^{2}$ Both biological \& physical sciences must be taken for this degree program. If the two-course sequence are biological sciences, the opposite from sequence must be from the physical sciences (e.g. BIOL 1033/BIOL 1043 \& physical sceince), \& vice versa (e.g. CHEM 1123/CHEM 1133 or PHYS 2113/PHYS 2123 \& biological sceince).
